

Stratford Parents' Place

Recently the Family Resource Center budget was projected to be reduced by 50% at the State Department of Education level and the potential for further cuts or possibly total elimination of this grant may be considered.

If you or your family was, or is currently enrolled in any FRC programs: Parent/Child Activity Groups; Drop In Centers; Grandparents Group; Baby Time; Family, Friends, and Neighbors; Parents as Teachers Program, Resource and Referral services; or any of the many other FRC programs such as the End of the Year activities, etc. that you write a statement/story about what those services mean to you and your family.

What does the Family Resource Center mean to you and your family?

My son Paul Lovgren has been attending the Parent's Place since Sept 2016. Paul has sensory problems.

The teachers at Parent's Place are very helpful to my son. The staff provided me with wonderful Educational tools to work with Paul. I receive so much information about sensory activities to work with Paul at home. The home visits are so helpful, and beneficial to me, and my family. This program is so wonderful and important to all children.

In the play group Paul interacts with children his own age, and learns creative play, and participates in weekly art activities. He loves school. He asks me everyday Mom, school? His excitement to attend the Parent's Place is so rewarding to me. Paul is making progress in the program, and we hope the program will be continued, it has been a wonderful learning experience for me, and my son.
